Dear Parents:

The Troup County School System is pleased to provide **TEEN MAZE 2016** for all first-time 9th grade students.

TEEN MAZE is a life-sized, interactive game where students get to experience real consequences to real situations. Students will randomly choose scripts that will determine whether students will engage in behaviors such as drinking, doing drugs or engaging in risky sexual behaviors. Along the path, health experts will present information to the students. The ultimate goals of **TEEN MAZE** are to encourage teens to **THINK** and for all of our teens to have a timely high school graduation!

This event is designed to improve students' knowledge of health risks and consequences to risky behaviors. Students will be encouraged to learn from their peers' experiences in the maze and to discuss their experiences with their parents/guardians.

- All Troup County School System first-time 9th grade students will participate in the TEEN MAZE during the school day on **Wednesday, October 26, or Thursday, October 27, 2016**.
- Your child's photograph, likeness, or voice may be used in print, on the internet or other electronic/digital media for training and advertising purposes. Data collected from surveys may be used for statistical purposes.

★★NOTE: Community volunteers will be assisting with the TEEN MAZE event. Your signature below indicates that you have read this document in its entirety.★★
